

EVENING OF HUERTA'S DAY IS DRAWING NIGH

Long Postponed Action Is Expected Tomorrow and Huerta Is Still Weakening.

NO MENTION MADE OF ALTERNATIVE

President Assures Foreign Powers That Dictator Huerta Must Quit His Job, but Tactfully Refrains From Saying What Course Will be Pursued If He Does Not—Blockade of Mexican Ports Is Not Inprobable.

Mexico City, November 14.—Confidence in the early accomplishment of the aims of the United States toward Mexico was expressed today by Nelson O'Shaughnessy, American Charge d' Affairs.

The overtures made by the Mexican minister of interior, Manuel G. Aldape yesterday, was taken as evidence that Huerta is ready to recede from the stand he had previously taken. It was understood that O'Shaughnessy expected to have a further conference with Aldape late today.

Dispatches from Washington published here today indicate the possibility of a settlement of the Mexican question without resort to arms, which, during the present week, appeared to be a forlorn hope and created an air of optimism which greatly relieved the tension. To most of the foreigners in Mexico City, it appeared today that the storm cloud had passed for the time being.

Washington, D. C., Nov. 13.—Secretary Bryan exchanged messages today with Charge O'Shaughnessy about the reported concessions which members of Huerta's officials have intimated he would make to the United States. Efforts to re-call John Lind from Vera Cruz to Mexico City to discuss the administration memorandum demanding that the new Mexican Congress should not convene, were taken here to indicate that the group surrounding Huerta would suggest a compromise arrangement whereby the new Mexican Congress would meet but not pass upon concessions or other measures calculated to continue to resign, were withheld until satisfactory arrangements could be made for the choice of a provisional successor acceptable to the Constitutionalists.

There was a report today that Foreign Minister Mohna might be the man selected, although the views of the Constitutionalists as to Mohna's acceptability were not known.

WOMAN HANDY WITH GUN FRIGHTENS ROBBERS AWAY

Columbus, Ohio, Nov. 13.—A fusillade of shots fired from a revolver by Mrs. William Smith and the ringing of a dinner bell by one of her daughters last night at the Smith home near Grove City, so terrified four masked bandits that they failed to secure the money which they demanded, when they entered the house.

The robbers, however, shot and killed the family watch dog which attacked them, and returned the fire of Mrs. Smith. Neither Mrs. Smith

Guliacan, capital of Sinaola, was captured by Constitutionalists late yesterday.

This was announced today at military headquarters by telegram from Alvaro Obregón, who was commander of the insurgent forces. Felipe Riveros, who was deposed by Huerta, was again installed governor.

BELIEVE EMBARGO WILL BE LIFTED

Nogales, Sonora, November 14.—An air of cheerful expectation was noticeable today about headquarters of the Constitutional movement headed by General Carranza.

Word from Washington was eagerly awaited and Carranza headquarters believe the plans of the American administration when fully revealed would be of advantage to the Constitutional cause.

It was deemed virtually certain that the embargo against the shipment of arms and ammunition across the border would be lifted soon by the United States, and Carranza's officers were jubilant at the prospects of a vigorous campaign against the Federalists.

COLLEGE PRESIDENT INAUGURATED TODAY

Lexington, Ky., Nov. 13.—Dr. D. B. Adams was inaugurated President of Georgetown, Kentucky College today, succeeding Arthur Yeager, who was recently appointed Governor of Puerto Rico. The inaugural exercises were under the auspices of the General Baptist Association of Kentucky and among those who attended were state and government officials.

DECAPITATED BODY FOUND AT HARPERS

Chillicothe, Ohio, November 14.—B. & O. passenger train No. 14 at 6:30 this morning found a decapitated body at Harpers about 18 miles west of here on the B. & O.

A card found on the body disclosed the man to be Charles Emerson, about 24 years of age and smooth shaven. It also showed him to be a member of the Amalgamated Iron Workers' Union.

It is supposed that he met death while stealing a ride on a freight train.

BROCKSON FAVORS BARE BACK WHIPPING

By Associated Press.

Washington, D. C., November 14.—Bare-back whipping of convicts in Delaware was defended on the floor of the House today by Representative Brockson of that state, in a speech that bristled with Biblical quotations and legal citations, in favor of the rod and whip for chastisement.

Brockson declared false the charge that Delaware had administered "cruel and unusual punishment," and declared that the practice of making martyrs of criminals was a curse of modern society. "All through the Bible," said Brockson, "we are told that corporal punishment would have a good effect."

MORE GRAFT IN NEW YORK

New York, November 14.—District Attorney Whitman confirmed today the report that he had obtained from a gang of wireless wire tappers confessions involving the payment of graft for police protection to a civilian in high authority at police headquarters.

A police inspector and at least two lieutenants are said to be involved. Many hundreds of thousands of dollars, Mr. Whitman said, had been obtained by the swindlers under police protection, ten per cent of this sum and a fixed retainer fee of \$2500 a month, according to the confession, had been divided among the police officials involved.

FAMOUS JOCKEY VICTIM OF RAILS

New York, Nov. 13.—T. H. Burns, internationally famous as a jockey, either jumped or fell beneath an elevated train in Brooklyn today and was ground to pieces. No one witnessed the tragedy. The last person to see him was the station ticket seller who saw him pacing up and down the platform just before the train pulled in.

His fur-lined overcoat and hat were found on a bench. Diamonds, a silver cigarette case, a considerable sum of money, a bank book showing deposits in a Berlin bank and a contract to ride there next season were found on the body.

Burns was one of the world's leading jockeys and was reputed to be wealthy. He was married and had two children.

LIMITED CRASHES INTO A LOCAL

Macon, Ga., Nov. 13.—The Southern Railroad's Palm Limited, Chicago to Jacksonville, collided with a local train at Hazlehurst, Georgia, early today. No one was seriously injured.

MRS. GEO. B. WELSH FOUND DEAD IN BED

Mrs. George B. Welsh, aged 55 years, was found dead in her bed Friday morning, at her home in New Holland.

She had not been ill and was apparently as well as usual Thursday night as late as eleven o'clock, when Mr. Welsh came in from attending a meeting of the Masonic Lodge.

Squire Wright held an examination over the remains and the coroner of Pickaway county will make a further investigation of her death.

She was a charter member of the O. E. S. and highly respected by all who knew her.

Funeral services will probably be held Sunday afternoon.

PROHIBITIONISTS PLAN ELECTION OF PRESIDENT

Columbus, Ohio, November 14.—Plans to raise \$1,000,000 for a campaign in which an effort will be made to elect a prohibition president of the United States in 1916 and also to elect ten congressmen next fall, were outlined at a meeting of the "Concentration Committee," of the leaders of the Prohibition party at a meeting here today.

Leaders of the party expect to make a special effort to solicit funds in Ohio between now and December 1st.

STRIKING MINERS OPEN FIRE ON TRAIN

Calumet, Mich., November 14.—A passenger train on the Duluth, South Shore & Atlantic railroad was fired on today when it reached Hancock, where a large number of copper mine strikers were awaiting the arrival of non-union men for the mines. 96 additional arrests on the charge of violation of the injunction against picketing were made at the Superior mine.

DREW \$4 PER WEEK IS NOW PRESIDENT

Chicago, Ill., November 14.—Thos. R. Wilson, who entered the employment of Morris & Co., at a salary of \$4.00 per week was elected president of that company today, succeeding the late Edward Morris. Edward Morris, 20, son of the late packer, was chosen vice-president.

INVESTIGATION ON FOOT

Washington, D. C., November 14.—Federal investigation of the cost of manufacturing clothing, hosiery and knit goods was ordered by Secretary Redfield, secretary of commerce. It will begin at once and cover the principle centers of production at home and abroad.

KILLED IN FALL OF AEROPLANE

Manila, Nov. 13.—2nd Lieutenant C. P. Rich, of the Philippine Scouts, U. S. A., was killed today in a fall with a hydro-aeroplane in Manila Bay. The accident was due to a faulty cylinder in the motor. Rich discovered the defect before his flight and repaired it. When he arose to a height of 200 feet the motor again went wrong and he fell with the machine.

COAL MINERS MEET

Charleston W. Va., Nov. 13.—Arrangements are under way for the meeting of the West Virginia Coal Mines Institute to be held here within a few weeks. The recent labor troubles in the states coal fields are to be discussed and the meeting is considered important. Governor H. D. Hatfield is to deliver an address on the general mine situation in W. Virginia.

KING'S TRAIN WRECKED

Leipzig, Germany, Nov. 13.—A special train conveying the King of Saxony was wrecked today by the derailment of a baggage car near Kieritzsch Junction near this city. The King was uninjured.

WILSON'S WORDS HELD SIGNIFICANT

Washington, Nov. 14. — New hope for a satisfactory adjustment of the Mexican situation without resort to intervention by the United States forces was found by President Wilson. So substantial are the new developments regarding that President Wilson is more confident than ever that Huerta soon will be eliminated from Mexican affairs and that an entirely new government, satisfactory to the United States, will be created in the Mexican republic. The following optimistic statement of the situation was authorized by the president: "There are elements in this case which I can not discuss, but which make it look to me very much more favorable."

The president up to this time has been very guarded in regard to any statements for quotation on the Mexican situation and his brief utterance was on this account viewed with great significance.

President Wilson did not disclose the developments which have brought this renewed hope. There is good reason to believe that one of the developments which have inspired the president with confidence is flat assurance from European powers that they will support the United States in its efforts to eliminate the Mexican dictator and establish orderly constitutional government in the southern republic.

It can be said definitely now that representatives of the European governments are advising Huerta to get out and save himself while the opportunity is open. European governments are convinced that it is only a matter of time and method before Huerta must go, and are anxious that the matter be concluded as speedily as possible and that steps be taken toward the establishment of peace and prosperity.

The American negotiations now under way with General Carranza, chief of the Constitutionalists, necessarily play an important part in the hopefulness felt by the administration.

Just how favorably Carranza is regarded by President Wilson and his advisers was not disclosed until today. It is known now that both President Wilson and Secretary Bryan feel that justice requires that arms be given to the Constitutionalists, and there is no doubt that upon Carranza and his followers the adminis-

tration is pinning its hope for a new government rising out of the chaos in Mexico.

William Bayard Hale, President Wilson's confidential agent, is at Nogales, Sonora, conferring with General Carranza and his fellow leaders. The state department received from him a long report on his first conference with Carranza and his plans for continuing the discussion.

HUMAN CYCLONES MUST FACE MUSIC

Two traveling men, giving their names as J. L. Lewis, of Cleveland and R. S. Deatrick, of Columbus, stopped at the Warner hotel in Chillicothe one night this week and the following morning left for Athens.

Shortly after they had gone it was found that they had completely wrecked their rooms before leaving, scattering ink over the beds and carpets, smashing mantles, mirrors and beds, and tearing up the rooms generally.

They were arrested in Athens and taken back to Chillicothe to face the charge against them. The proprietor offered to compromise for \$100, and when the fellows paid it, it cost them \$108.50 to square themselves.

No reason was given for their work

USED A HANDCAR AND DRAW FINES

Henry Karch, Richard Johnson and Millard Howell, three boys of prominent Highland county families, were given \$25 and the costs and 30 days in jail by Judge Newby, this week, on a charge of interfering with railroad property.

The three youngsters last July were "beating" the railroad by using a hand car, which they secured at East Monroe and were on their way toward Leesburg when they beheld a passenger train coming. They stopped their car and cleared the track just in time to prevent a wreck.

C. & O. ENGINES FOR THE D. T. & I.

Plans are under way, it is claimed for the loaning of a half score of freight engines to the D. T. & I. railroad by the C. & O. road, in exchange for certain coal hauling service to be rendered by the "road of many troubles."

Just when the engines will be placed in use on the D. T. & I. is not known, but the plan has been under way for some two weeks.

A transfer of coal over the D. T. & I. from the C. & O. to a point where it can be turned over to the N. & W. is said to be the plan of the C. & O.

COMMITTEE IS SPLIT IN TWIN

Hitchcock Meets With Five Republican Members.

Washington, Nov. 14.—The banking and currency committee of the senate broke in halves, six members continuing their regular session in one room while six of the seven Democrats who have adhered to the administration currency plan held a meeting elsewhere. Senator Hitchcock met with five Republicans. The Republicans and Senator Hitchcock contend they are pursuing the regular course of legislative procedure, and will in due time make a report to the senate embodying all the amendments agreed to by the full banking and currency committee. This bill probably will be signed by all the Republicans and Senator Hitchcock.

SENATORS GRANT TILLMAN'S REQUEST

Allegorical Cow to Appear in the Congressional Record.

Washington, Nov. 14.—Senator Tillman's allegorical cow will be produced by consent of the senate in the permanent Congressional Record. The South Carolina senator submitted to the senate a picture of a cow which had appeared as a cartoon in a New York newspaper in the early nineties, and asked that it be reproduced in the Congressional Record. The cow, as Mr. Tillman had pictured her in a speech which had inspired the artist, was so large that she fed in the west and middle west and was milked in Wall street.

OMAHA SECURES NEXT MEETING

Will Entertain Association of Baseball Leagues Next Year.

Columbus, O., Nov. 14. — The next meeting of the National Association of Professional Baseball Leagues will be held in Omaha, the Nebraska city winning in a close contest with Nashville. Reports of committees were acted upon. The association accepted the opinion of the contract committee that it will be impossible to have uniform contracts for all leagues which are parties to the national agreement. There was no discussion of the set of requests submitted by officers of the Players' Fraternity, but the national board was instructed to be ready to appear at a conference, whenever it is called, with the national commission and representatives of the players. Some alterations in the rules governing the sale of players from Class C and D leagues to minor leagues of higher classification were suggested and, as a change in the national agreement is involved, the matter will be taken up when the national board and the national commission meet in conference.

After the Mail Strikers.
New York, Nov. 14.—Policemen were withdrawn from mail delivery automobiles because the United States government believes it has arrested all the members of the local union who favored violence or has them in flight. They have eight men now in the Tombs under \$5,000 bail and they hope to have about 12 more by tomorrow.

THURMAN'S BIRTHDAY

Centenary is Fittingly Commemorated at Columbus.

Columbus, O., Nov. 14.—The centenary of the birth of Former United States Senator Allen G. Thurman was commemorated by appropriate exercises in this city. These were held under the auspices of the Jefferson club. Governor James M. Cox delivered an address, and upon the program with him were Attorney General T. S. Hogan, Former Governor James E. Campbell, Colonel James Kilbourn, General Thomas E. Powell and others. Governor Cox said that Thurman was the first statesman that "vitalized the theory that a railroad corporation, created by the government, ought to be and must be subject to the control of the parent body, the federal government."

Judge R. M. Wanamaker of the supreme court, Progressive, and David K. Watson, Republican and former attorney general, both eulogized the dead statesman.

EXPECT ARRESTS FOR CONSPIRACY

Whitman Believes His Investigation Will Lead Up to Indictments.

New York, Nov. 14.—District Attorney Whitman concluded that his investigation of campaign contributions from state highway contractors and the alleged frauds in the repairing of these highways, the two subjects overlapping each other, has reached the stage which justifies definite action toward securing indictments for conspiracy. He has accordingly engaged three expert investigators, who will follow out trails leading up state and will ask the board of estimate for an appropriation of \$10,000 to carry on the work. Additional records from the bureau of repairs and maintenance at Albany have been secured, and the inquiry is being extended into the awarding of contracts for repair work.

Relief From Constipation

It's Me For Dr. Edwards' Olive Tablets.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No griping is the "keynote" of these little sugar coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark-brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. The Olive Tablet Co., Columbus, O. Adv.

Poetry For Today

DO IT NOW.

There's a motto I once saw
Hanging on an office wall.
That impressed me as a law;
Binding on us, one and all;
Let us greet it with a bow;
Here it is, sir, "Do it Now!"

There is something to be done,
And the doing falls on you—
No one else—and you're the one
Who can surely put it through.
Why not here, sir, make the vow
That you'll do it, Do it now.

You may think to put it off,
Taking counsel of delay;
You may feel inclined to scoff
At the text which says "Today."
Yet there's wisdom, you'll allow,
In the notion, Do It Now.

It may be no easy task;
It may opposition raise;
It may tireless effort ask;
It may promise you no praise.
Do not shirk it; knit your brow,
Jump right in, and do it now.
—Joseph G. Grabiel, D. D.

Hartman Theater

That much talked of singer, Lina Abarbanell, will be seen in Columbus at the Hartman theater on Thursday, Friday and Saturday, November 20, 21 and 22, with a matinee Saturday, in her latest musical hit, "The Red Canary". Drafted from the ranks of Grand Opera Miss Abarbanell has had remarkable success in various light operas in which she has appeared. She is conceded to be the best "Merry Widow" who ever appeared in the role and was chosen to create the role of Yvonne in "Madame Sherry" when that production was made in Chicago. Everyone remembers how "Sherry" sprang into instantaneous success and how lavishly the critics praised Lina Abarbanell for her grace, her charm and her wonderful voice. Her newest piece gives the singer ample opportunity for the display of her wonderful powers and Hartman theater patrons are anxious to welcome her to our midst.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

The sale of the last Indian tribal lands in Oklahoma, to be conducted probably next January, is attracting attention from all parts of the world of people who wish to obtain government lands at low prices. McAlester, a city of 15,000 inhabitants, is looking forward to the event with lively interest as there the drawings are to be made. The land to be sold comprises 43,800 acres of what is known as the coal and asphalt segregation and 1,279,000 acres of pine and hardwood timber lands.

Winston Churchill's "Inside of the Cup," is still selling at the rate of 1,000 copies per day. The record, it is said, is due in part to the interest in the tale and in part to the main issue discussed, namely, the condition of institutional religion in its more historic Christian forms.

Secretary of the Navy Danals, speaking before the United Brotherhood of Men's Bible Classes, at New Port News Sunday, said he would ask Congress immediately to provide chaplains and welfare secretaries proportionate to the navy's personnel. According to Mr. Daniel, 24 chaplains are all the government now provides for the navy's 67,000 men, while the marine corps, with an enlistment of 10,266 men, has not a chaplain.

New Philadelphia announces in a burst of pride that with a population of some 8000, it owns its water works and has almost completed a sewer system, after which miles of streets will be paved. The city also owns an 18-acre park and a large play ground for children. A new site has been purchased and preparations are being made to build a \$110,000 high school.

700,000 women of the different states belonging to the Housewives' League, announce at once a campaign against the high price of eggs and some other articles. Eggs selling at 50 cents a dozen in New York were put in cold storage last April at a cost of 18 to 20 cents a dozen and it is declared they could be sold at 30 cents and a reasonable profit be realized. Organizations all over the country are to take part in the campaign. Records show the cold storage plants in New York have more cases of eggs on hand now than on the same date last year.

Contrary to the expressed apprehension of the bankers of the country the postal saving system has proved itself not a competitor, but a feeder to the privately owned banks, and bankers are now encouraging the system as to their advantage. "The postal saving system seems to be a fitting school for other savings institutions. At first depositors are more concerned for the security of their savings than in what they may earn. They are thinking of the principal and not the interest and it is after they have learned the rudiments of saving that the interest feature attracts them. Over 10 per cent of the deposits are owned by children under 14 and 30 per cent by depositors between 20 and 30, the percentage greatly decreasing above that age.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

June 6, 1872.
The firm of Silcott and Millikan is a business in our town, well established. The senior partner, Mr. A. E. Silcott, is the oldest dry goods man now in business in this section, having sold goods as far back as 1850, with Mr. Fitzwilliams, where the First National Bank now stands. Mr. Seymour, in 1859 purchased Fitzwilliams' interest, and this firm did business until Mr. Silcott was elected treasurer. Having served four years he associated himself with Mr. H. Robinson in the dry goods business. They did a very successful business until 1871, when Mr. Robinson sold out to Mr. Millikan. By the first of July, Stuckey Bros. having moved out, they will occupy their new room, remodeled and improved, the finest room in Southern Ohio, and will compare favorably with rooms in Cincinnati. Mr. Silcott has been buying and selling dry goods since 1843, beginning at Bainbridge. He is known in the East as the best buyer from this section, purchasing heavily and displaying fine taste. He sold goods in this place when it was immense to do \$20,000 a year. Last year the firm did \$120,000 and will do still better in the new room. B. H. Millikan is well known in our town as a business man and though his ex-

Views of Others

SHOULD THE WOMAN DIE?

Every time a woman happens to be convicted of first degree murder, and the times are very few, there is a great furor raised, many persons asserting that it would be a disgrace to the commonwealth for it to enforce the law. The argument seems to be baseless. Why should not a woman pay the penalty for murder the same as a man? Is there not much agitation going on at present on the question of equal rights? Women in the United States and most of the civilized countries of the world, according to the trend of the times will soon be accorded equal rights with man at the polls. Then if this prediction proves true should they not be accorded the same rights on the gallows as elsewhere?

If women are blessed with the same mental qualities as man, and there are only a few persons who deny this assertion, they should be as well qualified to differentiate between right and wrong as man. This being the case, the law and the pardoning powers of the various states should treat woman, when convicted, exactly the same as it would a man.

Mrs. Bessie J. Wakefield has been sentenced to die on the gallows in Connecticut and many women, both pro and anti-suffragists, are doing all in their power to save the woman from the gallows. There is no criticism of these women being made here except it seems that the suffragists are not consistent unless they are opposing the court's decree on other grounds than that the convict is a woman. If they are in opposition to capital punishment or if they make the claim the woman did not have a fair trial, or that she had incompetent legal advice, or other reasons besides that she is just a woman, their pleas should be given just consideration by the governor of Connecticut.—Springfield Sun.

Huntington, W. Va.—The romance of John W. Stroud, aged eighty years, and Jennie Stroud, fifty-one, his wife, has ended in the divorce court here after eight months of matrimonial misadventure.

According to Mr. Stroud, there came a rift in the marital sunshine when his wife threw her clothes on the floor and declared that she was going to Cincinnati to live. He then sued for a divorce and declared that he made a mistake in not marrying a "younger woman," who was not too old to love.

He was arrested and held five days, when he was released, so thoroughly sick of eggs that he says they will be no temptation in the future. He is so sick of them that the sight of a hen gives him the stomach ache, he says.

Marriage Certificate by No Means Is a Fully Paid Up Policy of Marital Happiness

By the Rev. Dr. MADISON C. PETERS, Baptist Preacher, Lecturer and Writer

"HOW to be happy though married." This alarmingly suggestive phrase, first used by an English preacher named Skelton, inculcates the important and frequently forgotten truth that HAPPINESS IN THE MARRIED LIFE HAS TO BE WORKED FOR.

THE MARRIAGE CERTIFICATE IS NOT A FULLY PAID UP POLICY OF MARITAL HAPPINESS. THE ONLY WAY TO GET AN ABSOLUTELY GUARANTEED INSURANCE POLICY ON MATRIMONY IS TO KEEP ON PAYING AT THE HOME OFFICE THE ASSESSMENTS OF LOVER-LIKE ATTENTION.

Many men guard their appreciation of their wives as though it were a Masonic secret. Don't let your sense of proprietorship make you feel that you need not bother to be polite.

If women would spend as much time building cages after marriage as they did in spreading nets before they would keep away the other bird in the form of a dear charmer.

DON'T BE AFRAID TO PRAISE YOUR HUSBAND. Make him feel that you think he is a good one, and it will be a strong stimulus to his being so. If you are foolish enough to let him know that he has lost the name he may soon abandon the reality.

EIGHT RESIDENCES CHANGE HANDS IN ONE LARGE DEAL

Six Cottages on West Temple street Purchased by James Kennedy of New Holland and Two East Temple Street Residences Become the Property of Jacob L. Jamison—Other Deals Said to be Pending.

There is apparently no falling off in the interest taken by investors in Washington real estate, and deal after deal has been consummated in this city within the past few weeks, and the demand for property continues unabated, with several large deals now pending.

Negotiations have been closed between Jacob L. Jamison, of this city and James H. Kennedy, of New Holland, whereby Mr. Kennedy takes

over six properties and a large barn on West Temple street, and Mr. Jamison becomes the owner of two East Temple street properties.

The properties purchased by Mr. Kennedy are located on the south side of Temple street near the D. T. & I. railroad, and are usually in demand for renting purposes. They have recently undergone repairs, and real estate men regard the group of residences as a good investment.

The fact that people of other towns and cities see in Washington a good place for an investment in real estate, is taken to demonstrate that they, as well as local citizens, have faith in the future growth and prosperity of this city.

The above deal was closed through the realty agency of George H. Hitchcock and W. R. Dalbey.

BIG CORN SHOW TO BE HELD HERE

Members of the Fayette County Corn Improvement association, organized in this city last winter, are discussing plans for holding a mammoth corn show in this city within the next few months, making the show a county affair and offering liberal prizes for the best exhibits in the various classes.

It is believed that such a show would be decidedly popular and profitable, and also a decided boost for the association.

Fayette county stands well up toward the front in the raising of corn, and as more persons have been interested in the growing of good corn during the past season than ever before, a large number of entries than ever before would undoubtedly result.

Unless the present talk falls entirely through, a big corn show will be held here, and Washington will not be "left out in the cold" when it comes to drawing crowds with King Corn.

EXTREME CRUELTY AND OTHER CHARGES

Charging her husband with gross neglect of duty and extreme cruelty, together with other offenses, Mrs. Anna Burns has filed suit in Probate court against Thomas M. Burns, praying for a divorce, alimony and that he be enjoined from interfering with her in any manner. Attorney C. E. Baughn represents the plaintiff.

According to the petition the couple were married at Locust Grove, Adams county, May 21, 1882, and for the last four years she alleges that the defendant has neglected her and treated her cruelly, and that he has struck, cursed and abused her.

The plaintiff also alleges that for four years the defendant has permitted her to pay the house rent and purchase most of the food.

The name of a certain woman in the city is linked with that of the defendant, in the petition.

INVESTIGATION INTO AFFAIRS OF D. T. & I.

M. J. Heffernan, representing the Public Service Commission of Ohio, has started the work of making a careful investigation of the affairs of the D. T. & I. railroad, and is expected in this city within the next day or two.

In connection with mention of the Public Service employee investigating the affairs of the road, the Springfield Sun says:

"Strenuous efforts have also been made to have the Pennsylvania interests take over the D. T. & I., claiming that the road would soon be turned into a paying proposition, but so far no results have been shown. The chamber of commerce of Detroit has been especially interested in this proposal, as it would no doubt mean much greater terminal facilities for that city and remove much of the congestion which in times past has greatly hampered the handling of the city's commerce."

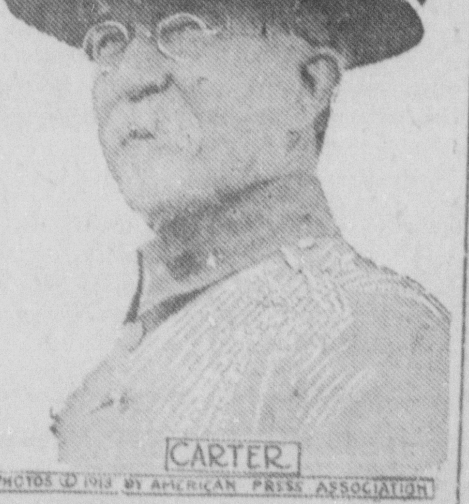

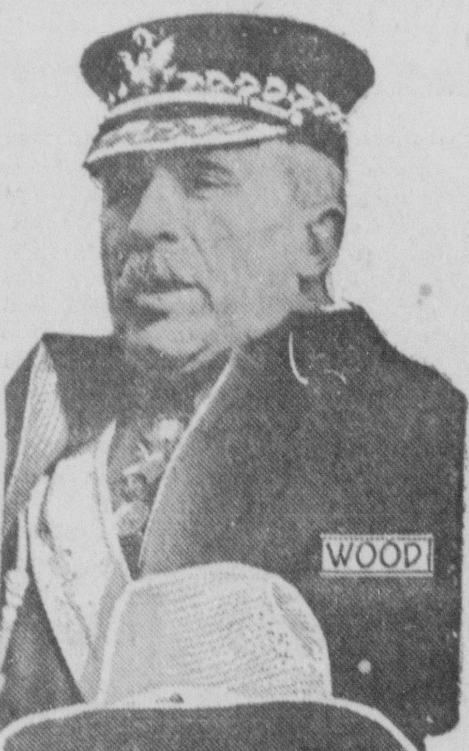

REFUSES TO LIVE WITH HIS WIFE

Clarence Green, the young man who was arrested in this city first of the week on a non-support charge filed in Greenfield, and later taken to Greenfield, has agreed to support his children, but absolutely refuses to live with his wife.

He also refuses to do anything for the children as long as they are left in the care of the wife.

Final settlement of the matter has not been made.

School Survey Day Observed In the Washington Schools

The Washington Public Schools observed "School Survey Day" in accordance with the Governor's proclamation, Friday afternoon.

In all of the different grades there were interesting exercises, with brief historical sketches of school development through its different periods along lines suggested by the Ohio School Survey.

The pre-eminent purpose of this day is to awaken a greater school sentiment, and to this purpose the teachers of the different rooms bent their efforts.

The five features which it was desired to emphasize were the reading of the Governor's Proclamation, the reading of the History of the Schools of Ohio, the reading of the sketch of the Ohio School Survey, discussions by parents and visitors, the election of a lay delegate to attend the Educational Congress to be held in Columbus, December 5th and 6th, 1913.

The history of education in Ohio may be divided into three periods; First, the pioneer school; Second, the

Legislated School; Third, the Union School.

The pioneer school is marked by great variety. In the main, it was a subscription school. The rate of tuition was fixed for each pupil, and then each inhabitant in a given community, desiring to do so, would guarantee or subscribe a certain number of pupils. During this period no provision was made for the purchase of school sites or for the erection of school buildings at public expenses. Neither was there a common form of school organization.

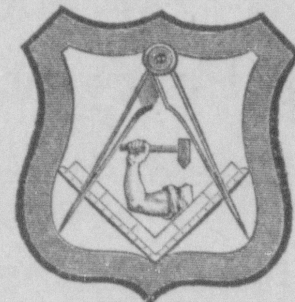

The legislated school is so named from the fact that about 1820 the people of Ohio began to see the necessity of organizing schools under legislative direction. During this period a great step in advance was taken by the creation of the office of State Superintendent of common schools.

An entirely new era in school affairs was created in 1847 by the passage of what is known as the Akron School Law. This law brought the schools into a union, provided for their grading and gave the board of

education a right to adopt a uniform course of study.

The afternoon's programs in the different rooms included music.

MISS FLORENCE USTICK, SOCIETY EDITOR

Miss Doris Willis was the prettiest of young hostesses Thursday night at a beautiful six o'clock dinner, at the home of her parents, Hon. and Mrs. J. M. Willis.

Immense golden chrysanthemums, with greenery, embellished the table laid with eight covers. A four-course turkey dinner was served.

The guests were the girls of the Algonquin club and the dinner hour was a merry one. Each girl blew out one of the fourteen red candles on a big birthday cake, making a bright little toast, to the young hostess, to the absent member, Mary Dahl, to the tribe, and other apropos subjects. The evening wound up with a round of games.

The Elmwood Ladies' Aid Society met yesterday afternoon with Mrs. Frank Smith of Leesburg avenue.

The opening exercises were conducted by the president, Mrs. Powless, Scripture reading by Elsie Craig; prayer by Mrs. Reno. Dainty refreshments were served and an enjoyable meeting was held. Mrs. Smith was assisted by Mrs. Willard Wilson and Mrs. Brann.

Mrs. L. P. Howell entertained the Friday Afternoon Duplicate Whist club this afternoon. An elaborate luncheon followed the game.

The Thursday Kensington club was indebted to Mrs. W. W. Hamilton for delightful entertainment yesterday afternoon.

Mrs. D. H. Barchet filled the role of hostess hospitably to the Friday Bridge club.

Mrs. Sam Coulter is quite ill at her home on Paint street.

Messrs. Will E. Martin and Earl Leach made a business trip to Circleville today.

Mrs. Wayne Vincent is visiting her parents, Mr. and Mrs. McQuay, in New Holland.

Mrs. J. J. Flynn visited in Mt. Sterling yesterday.

Mrs. Joshua Colaw is the guest of her daughter, Mrs. Robert Dunn, in Sabina.

Mrs. R. C. Hunt left Friday morning for Detroit, Mich., where she will be the guest of Mrs. Johnson and accompany a party to Ann Arbor, Mich., to see the Pennsylvania-Michigan football game.

Miss Roxie Stinson has returned from a visit in Columbus.

Mrs. Martin Junk and daughter, Miss Etta, are visiting the former's daughter, Mrs. Walter Jones.

Mr. and Mrs. S. E. Parrett returned Friday night from Columbus, where they have been spending the week at the home of Mrs. Parrett's brother, Rev. Creamer, to attend the National Anti-Saloon League convention.

Mrs. Ed Fite and two children, Elizabeth and Dean, left Thursday for Cleveland where they will visit Mr. Fite's brother.

Mr. Frank M. Fullerton spent Thursday in Columbus to attend the National Anti-Saloon League convention and to hear Senator Richmond R. Hobson, of Alabama.

Mr. J. H. Allen is looking after farm interests at Blanchester this week.

Mrs. R. C. Howat is ill at her home on Leesburg avenue.

Mrs. W. C. Williams is entertaining her mother, Mrs. Susan James, of Waverly.

Mrs. Jack Morris arrived from Tiffin Thursday evening to visit her parents, Mr. and Mrs. Richard Pearce.

Mr. and Mrs. Robert Ford are receiving congratulations upon the birth of a son.

Mrs. A. G. Beeson and Mrs. Oliver Pearce, Jr., who have been the guests of Mrs. Bertha S. Miller, returned to their homes Friday.

Mr. Allen Pearce, who has been the guest of his sister, Mrs. Wm. Boynton Gage, left Thursday night on a business trip to Chicago.

Mrs. George Osborn is visiting relatives in New Vienna.

Mrs. H. L. Stitt leaves Saturday for Peebles, where she expects to spend several weeks visiting her parents, Mr. and Mrs. R. D. McClure.

Mr. Will Todhunter has moved his family from the Snyder property on S. Main street to Sycamore.

Miss Helen Persinger is suffering from a badly sprained arm.

Mrs. Os Briggs returned Thursday afternoon from a three weeks' stay in Mt. Clemens, Mich., much improved in health. Enroute Mrs. Briggs represented the Ladies' Foreign Missionary of the First Baptist church as delegate at the Baptist Women's Foreign Society convention of Ohio, Indiana and Virginia, held in Cleveland. Mrs. Briggs found conditions in Cleveland distressing and a handicap to the convention. Some of the delegates were detained outside the city for 12 hours without food. When she reached there Tuesday, snow was still 2½ feet deep and there were miles of telephone and telegraph poles wrecked as if hurled down by a cyclone.

Dr. and Mrs. W. E. Ireland will return Saturday morning from a visit with their daughter, Mrs. Roy Dove at Shelbyville, Ill.

DR. P. A. BEREMAN SERIOUSLY STRICKEN

Mr. and Mrs. Eli Bereman, of Paint street, are in receipt of a telegram from St. Paul, Minn., stating that their son, Dr. Porter A. Bereman suffered a stroke of apoplexy, Thursday evening, and is in a very critical condition.

Mrs. Bereman leaves Saturday for St. Paul to be near her stricken son. Dr. Bereman, since leaving this city, has spent most of his time in New York city, but a year or two ago moved to St. Paul where he opened a large office.

RUMMAGE SALE.

The Rummage sale, conducted by Mrs. Roby's class of the Christian church, will continue at Will Rief's grocery, until tomorrow night.

LIVE IN COLUMBUS REFUSED LICENSE

When Henry A. Gordon, 32, plasterer, of Columbus, and Blanche Griffin, 29, also of Columbus, dropped in to the Probate Judge's office Friday morning and applied for a license to wed, they were very much disappointed to learn that they could secure no license in this county as the bride resided in Columbus.

They left the office with the intention of returning to Columbus and securing a license.

JACK THE PROWLER AGAIN AT LARGE

Jack the Prowler, who has been rather quiet for some little time, again made his appearance Thursday night at the residence of Elvie Blade, on Western avenue.

Mr. Blade heard a noise and stepping to the window he peered out and beheld the man looking into the window. When Mr. Blade ran for his gun the fellow turned and fled.

It is the second time the man has been prowling about the Blade residence recently.

BISHOP WILSON IS PRESIDENT

Anti-Saloon League Convention
Winds Up Business.

NEW CONSTITUTION ADOPTED

Series of Resolutions Commit Delegates to a Campaign For National Prohibition, To Be Obtained Through an Amendment of the Federal Constitution — Other Work of the National Meeting.

Columbus, O., Nov. 14.—With stirring temperance addresses the fifteenth annual convention of the Anti-Saloon League of America was brought to a close. The speakers included Fred S. Caldwell, congressman from Oklahoma; M. Clyde Kelly of Pennsylvania, congressman Don C. McMullen of Florida and Major J. B. Merwin of Middlefield, Conn., the latter a friend and associate of Abraham Lincoln. Mr. Merwin, who is 85, told how he had been present when the president, in the presence of Salmon P. Chase of Ohio, signed the internal revenue act. Merwin declared Lincoln said he would give his right arm if the signing could be avoided.

The board of trustees revised the constitution, shaped its policy along centralized lines, looking toward national prohibition, and selected officers and committees for the year to come. The present constitution will continue in force until June 1, 1914.

The officers to take hold June 1, 1914, are: Bishop Luther B. Wilson, New York, president; Rev. P. A. Baker, national superintendent; S. E. Nicholson, Richmond, Ind., secretary; Foster Copeland, Columbus, treasurer. Supplementing the efforts of these men there are 12 vice presidents and a new national executive committee of 16, elected with reference to the 16 geographical subdivisions into which

the United States has been divided. Ohio's representative is D. A. Poling of Columbus.

The new national executive committee, which will dictate the policy of the league after it assumes office next June consists of 16 men, each of whom has supervision of a district composed of a state or several states. Wayne B. Wheeler will have charge of Ohio and West Virginia.

The new constitution provides, among other things, that while the several state organizations shall name the state superintendents, these shall not draw pay for more than three months, unless they have been approved by the national body. This body issues to each superintendent a certificate. Another provision of the new constitution is for a financial secretary and a total abstinence secretary, but these positions were not filled.

Johnson Seeks Damages.

Columbus, O., Nov. 14.—W. E. Johnson of Westerville, editor of The New Republic and managing editor of all the publications of the Anti-Saloon league, filed suit here against Rev. U. G. Robinson, editor of The National Issue, published in St. Louis, alleging criminal libel and asking for \$50,000 damages.

SCHOOL STATISTICS OF DEEP INTEREST

The following data is gleaned from the report of Frank Miller, state superintendent of instruction, and is of particular interest in connection with the "School Survey Day" which was observed in many Fayette county schools Friday:

Fifty-eight per cent of teachers in one-room schools have one year certificates. In city schools the percentage of one year certificates is 15.

Only two per cent of one-room teachers have life certificates, only one-third of the one-room country teachers have completed the four-year high school courses.

Of the entire 3000, only 40 were college graduates.

One-half of the 1400 village teachers had college training, and 500 had completed the four-year high school course.

Out of 3500 buildings for country schools 250 were heated with hot air, 250 with jacketed stoves, the remainder with ordinary stoves.

Out of 3800 teachers in one-room schools more than half were without professional training. In centralized schools 83 out of 246 had no professional training.

Nearly 1000 townships have no supervision of any kind, while many others have merely nominal supervision.

Where there is any supervision the beneficial effect is plainly apparent, yet only 27 per cent of village superintendents give as much as one half their time to supervision, the remainder being given to teaching. Sixteen per cent of the teachers in institutes last year were to teach for the first time.

DEATH TOLL AROUND 200

Lake Huron Hit Hardest By the
Recent Blizzard.

Port Huron, Mich., Nov. 14.—Each hour adds to the toll of disasters which occurred on Lake Huron during the great storm. Bodies of sailors of five and perhaps six vessels were found on the shore of the lake; wreckage from two other boats, still missing, was cast up by the sea, and no trace has been secured of two vessels or their crews totalling more than 40 men.

Never in the history of Michigan's maritime existence has Lake Huron been the scene of such a succession of catastrophes.

Conservative estimates of the loss of life fix the total at 187 at least. The damage to vessels and cargoes will be several millions of dollars.

That a total of at least 10 vessels was lost is indicated in the compilation of reports received from various points on the lakes. The list shows that Lake Huron exacted the heaviest toll of all the lakes.

Notable among the total losses whose crews escaped were: Steamer Turret Chief, wrecked at Copper Harbor, crew of 17; L. C. Waldo, wrecked off Manitou Island, crew of 24, and the H. M. Hanna, ashore at Point Aux Burruces, crew of 33. The other vessels were either steamers that went aground and were later released, or small craft and barges.

After Coughing Two Years

Waycross, Ga., Woman Found Relief In Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cod's liver, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Blackmer & Tanquary.

TEXAS IS FOR NATIONAL HIGHWAYS

Texas has followed the lead of Ohio, North Carolina, Pennsylvania, and West Virginia in demanding that the government build and maintain a system of national highways. At Dallas, last week, the Texas Good Roads Association took action that resulted in its amalgamation with the National Highways Association, of which it has become the Texas Division.

By the terms of its regulations it will "urge the adoption of a comprehensive and efficient plan of administration that will improve, maintain, and unify as one complete system the public thoroughfares of the country, to the end that we may secure a National Highway system, a State Highway system, and a County Highway system, each a distinct unit, yet all integral factors of a complete system of 'Good Roads Everywhere.'"

In broadening its field of activity by joining in the great movement for national highways, the Texas organization, its officers say, is in a stronger position than ever before to work for good roads in its own state. The regulations declare that the association will "insist that road officials shall faithfully perform the duties of their respective offices, and will strive to secure integrity of expenditure and skill in construction and maintenance in all road building and road improvement."

SENATOR KERN PROMISES ACTION

To Provide Machinery for Putting Polindexter Bill into Effect.

Washington, Nov. 14.—Majority Leader Kern of the senate promised early action on the Polindexter bill to provide emergency machinery for putting into effect the new law for the direct election of senators. Failure of congress to provide temporary methods for election and nomination of senators until the various state legislatures act has already caused embarrassment in Alabama and Maryland. Polindexter's bill provides that senators may be nominated and elected by popular vote in the same manner as representatives until the legislatures themselves provide a direct election system.

THE LUCKY BOYS

Governor Cox Appoints Deputy State Tax Commissioners.

Columbus, O., Nov. 14.—Governor Cox announced the appointment of deputy state tax commissioners, upon recommendation of the state tax commission, as follows: Clark, Thomas Wallace (Dem.); and I. P. McNally (Bull Moose); Columbiana, A. P. Dennis (Dem.) and W. V. Blake (Rep.). In the following counties only one commissioner was named, each being a Democrat: Jackson, Oscar B. Ervin; Morgan, Raymond Durbin; Clinton, W. D. Barnes; Coshocott, E. O. Thompson; Fulton, Guy P. Tutthill; Shelby, William Shine; Knox, French W. Severens; Morrow, Charles I. Vanatta; Ross, W. Allen Scott; Seneca, L. J. Wingart; Pike, Jacob Lorbach; Scioto, John R. Hughes; Fayette, James C. Dunn.

SALE DATE FIXED FOR DECEMBER 15

Judge E. B. Kinkead, of the Franklin county courts, has fixed the date of the sale of the Columbus Savings and Trust Company bank building for December 15th.

The sale will be held at two o'clock in the afternoon on the day announced.

A number of local citizens are interested in the sale of the building. The proceeds of the sale will go toward paying depositors who lost when the bank went to the wall.

BUICK ROADSTER NO. 19867 STOLEN

Look out for a Buick roadster bearing license tag No. 19,867 and machine number 7450.

This car was stolen in Cincinnati this week and is supposed to be in this part of the state.

The machine is a model 28, painted black with light blue stripes. Tank, trunk and extra tire in back. Has top and wind shield.

A reward of \$50 is offered for the return of the machine to Chief Copelan, of Cincinnati.

YOUR HAIR MAY BE YOUR FORTUNE

Beautiful hair has made the fortune of many a woman, by adding charm and loveliness to an otherwise plain face. Nothing means more to good looks than beautiful hair. It adds to the attractiveness of every feature. Without it you can't be beautiful; with it you will be at least pretty.

To have beautiful hair, use Harmony Hair Beautifier. It will improve the beauty of your hair, taking away the dull harshness and stringiness, softening and polishing every hair in your head and making it soft, silky, glossy, easier to put up and keep in place, and at the same time giving it a rich and lasting rose fragrance that will delight both you and those around you.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drugstores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. BANK PRESIDENT'S ESTATE IS SOLD

The entire estate of J. H. Barkman, bankrupt president of the defunct Osborn bank, has been disposed of to satisfy the creditors of the bank.

His estate was valued at nearly \$45,000, and this amount will be used toward paying those who lose in the bank when it went to the wall last spring.

THREE KILLED IN DOUBLE WRECK

Alighting From a Derailed Train, They Are Hit By Freight.

Wooster, O., Nov. 14.—Three persons were killed and a dozen injured, one probably fatally, when eastbound Pennsylvania No. 52 was wrecked four miles west of Wooster. The passenger train was derailed, falling on another track in the path of a freight train, and the second accident caused the fatalities.

The dead: Harry Kreakie, Shreve, passenger; F. K. Amors, horseman; Brakeman Schaible, Allegheny, Pa.

The engine and tender and baggage cars leaped the track under the viaduct where the B. & O. railroad crosses the Pennsylvania, four miles west of Wooster. The panic-stricken passengers rushed out of the train into the path of a westbound freight train and two of them were killed.

Engineer C. M. Crease of Allegheny, Pa., was so severely scalded that it is feared he may die. Fireman Gascoigne of Allegheny and Express Messenger Demarest of Mansfield, O., also were seriously injured, but both will recover.

The greater part of the passengers who had crowded out on the track in the freight train's path leaped into a creek at the foot of the embankment and escaped.

SMOOTH SWINDLERS

Couple Said to Have Disappeared With \$200,000 Worth of Gems.

New York, Nov. 14.—Malden Lane diamond merchants are lamenting the disappearance of Miss Antoinette Bonner, a prepossessing young woman of 30, known among them as the "Diamond Queen," and of J. B. Wisliger, her partner, who haven't been seen since Oct. 31, and who are accused of swindling jewel dealers of about \$200,000 worth of gems. Warrants for the pair were issued.

STRIKE CRIPPLES SOUTHERN PACIFIC

Engineers and Trainmen On the Sunset Route On Strike.

New Orleans, Nov. 14.—With 1,000 strikebreakers in the city and ready to take their places, the 1,200 local employees of the eastern division of the Southern Pacific railroad quit their jobs. Reports received here from Houston, San Antonio and a number of other points on the division indicated that the stoppage of work was general all along the lines of the Sunset Route. Between 3,000 and 4,000 engineers, conductors, firemen and trainmen are affected. The men left their work quietly. In many cases engines were left standing wherever they were at the hour of the strike, although there were instances where the locomotives were taken on to the roundhouses.

Weak, Inactive Kidneys Cause Much Trouble

For BACKACHE RHEUMATISM KIDNEYS and BLADDER

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these important and vital organs. See that you get Foley Kidney Pills for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harmful drugs.

GERMANY IN LINE

Berlin, Nov. 14.—Germany has made no suggestion regarding a successor to General Huerta. This government is indifferent regarding who the man is to be or how he is to be selected, so long as he is satisfactory to the United States government. On the whole, Germany agrees to support President Wilson's efforts to settle the situation, leaving it entirely to the United States to decide how best this can be done. The German government is, however, of the opinion that present conditions should be speedily terminated.

Pain in Back and Rheumatism. Torment thousands of people daily. Don't be one of these sufferers when for so little cost you can get well rid of the cause. Foley's Kidney Pills begin their good work from the very first dose. They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. Blackmer & Tanquary. Adv.

SUCCESSFUL HORSE SALE ENDS GOOD PRICES THROUGHOUT SALE

Late Thursday evening the last horse consigned to the Red Letter Horse sale was disposed of and another successful sale added to the chain put on under the auspices of the Ohio Horse Sales company.

Prices during both days' sale were very good considering the fact that all horses changing hands must be wintered if retained by their new owners.

During the sale Thursday it was announced that a big horse show and sale will be held during the last week of next April.

A few of the Thursday sales were: Miss Washington, 2:19½, consigned by Galvin and Woodland, purchased by Chas. Roush, of Athens, for \$350. Little Strathmore, 2:16½, owned by Leroy Ellis, Clarksville, sold to H. C. Bowman for \$250. Lady Belmont, 2:20¼, owned by Turner Darnell, of Wilmington, to Dr. C. C. Yeade,

Loveland, \$400. One yearling in the consignment of M. O. Stokes, of Springfield, brought \$230, and the remainder of his consignment sold very well.

Miss Vesta Stibbs, of Lebanon, one of the few active horsewomen in the state, was present, and purchased two or three good animals. Others present were: R. H. Wall, Upper Sandusky; Cliff Todd, Montgomery; L. G. Duffy, Cleveland; Charles Roush, Athens, O.; O. Z. Zeigler and H. C. Tallman, Richwood, O.; W. H. Turner, Delaware; I. O. May, Arcanum, O.; Harry Levy, Chillicothe; L. A. Smith, George Beal, W. A. Probasco, Jamestown; Omer Van Kirk, J. C. Martin, Walter Taylor, H. H. Rogge, Dayton; W. O. Gustin, Chas. Stibbs, Lebanon; Wm. Long, Harry E. Bell, Cincinnati; H. H. Stokes, I. M. Dye, Urbana; M. M. Linton, Bellefontaine; Chas. Waggoner, Kenton, and others.

HURLED DOWN AN EMBANKMENT

Rear Coaches of Excursion Train
Whipped Off the Track.

SCORE DEAD, HUNDRED HURT

Disaster Occurred While the Train Was Rounding a Curve and Going at a High Rate of Speed—Fifteen Bodies Recovered and More Are Buried in the Debris—Nearly All of the Victims Whites.

Clayton, Ala., Nov. 14.—Perhaps a score were killed and 100 persons injured, many seriously and at least six fatally, when a Central of Georgia excursion train was wrecked three miles from here. Fifteen bodies have been removed from the wreckage, and it is thought there are several more buried in the debris. Nearly all the dead and injured were whites.

The train was running from Ozark, bound for Eufala, where the Barbour county fair is being held. It was late and going at a high rate of speed. While turning a sharp curve, the three rear coaches of the five-car train, all crowded to capacity, were whipped off the track and rolled down a 40-foot embankment. The wooden coaches were torn to bits and hardly a single occupant, including scores of women and children, escaped unhurt. The locomotive and the first two cars remained on the track.

J. D. Clayton, a brother of Congressman Clayton, and Sheriff Teal of Barbour county are among the badly injured. Clayton had few facilities in caring for 137.

for the injured, most of whom were brought here, but nearly every house was turned into a temporary hospital. A statement issued by railroad officials says a broken rail caused the accident and that the engineer was not to blame in the matter.

A number of the injured were transferred to Eufala and other nearby towns, where more competent surgical skill was available.

Identified dead: Pomp Outsey, 60, superintendent of the Barbour county poorhouse at Clayton; Monroe Floyd, 60, Clayton; Miss Bonnie Brock, 18, Clio; Curb Bell, Clayton; Mrs. Laura Wilkinson, Clio; Mrs. Wilbur McLean, Clio; child of B. F. Brock, Clio; Mrs. Alto Adams, Elamville; Lennie Fryer, negro, Clio; Maude McRae, negro, Clio; Zack Peak, Clayton.

NEW FIRM COMING TO THIS CITY SOON

Within the next few days a new store will be opened in the room recently vacated by Mr. Dial, next door to Gregg's Shoe store.

The store will be owned and managed by Mr. Aronson, of Chillicothe, who owns a cloak and suit store at 17 South Paint street, in Chillicothe.

Mr. Aronson and his daughter will conduct the store here, which will be devoted exclusively to ladies' and children's furnishings.

They will still retain their Chillicothe store, which will be managed by Mrs. Aronson.

CLEOPATRA DELIGHTS CROWDS AT PALACE

Manager Mark Mechlin scored a notable success in the local moving picture field in the magnificent photo play of "Cleopatra," at the Palace theater last night.

The house was packed at each performance and hundreds were turned away.

Miss Gardner's wonderful acting, the superb stage settings and costumes and the correct portrayal of one of the most dramatic events of early history, combined to make the play upon the screen one of the greatest photo plays ever shown.

Owing to the number who wish to see it Manager Mechlin gave a matinee this afternoon, and the last performances will be held tonight.

Good Hope Village Is Improving Very Rapidly

Electric Light Plant, Laundry, Ice Plant, Many New Homes, Sidewalk Improvements and Other Changes Are Included in the Latest.

Good Hope is booming, and the latest innovation planned is an electric light plant, a laundry and an ice plant, which will be the property of Mr. Pete Renick, former owner of the Renick pool room in that enterprising village.

Mr. Renick has purchased part of the equipment for furnishing electricity for business rooms, residences and street lights, and will install the machinery in the old Junior building near the station, which he recently purchased.

Meanwhile the Junior lodge is looking about for a suitable location for a new two-story brick structure they expect to erect next spring. The

brick structure is expected to have a business room on the first floor and the lodge rooms overhead. Definite action is expected within a short time.

In addition to this a number of smaller changes have taken place. Willis Boyer has disposed of part of his holdings in the village, to Mrs. Serelda Sampson, and a larger lot to William Thomas Steers. Mr. Steers contemplates the erection of two residences on the lots next spring. Mr. Boyer will also erect a new residence, it is claimed.

Besides this other residences are expected to go up next spring, and more sidewalk improvements carried out. Incorporation of the village may take place in the near future.

The Farmer's bank is sharing in the general prosperity, and a dividend of 25 per cent on the investment is predicted for the present year.

NEW MANAGER IN OFFICE TOMORROW

Auditor A. E. Madsen, of the Bell Telephone company, has finished checking up at the local office, and the new manager, Mr. H. E. Conwell, of Hillsboro, takes charge of the Washington office Saturday.

Manager Chas. W. Heiskell leaves for Chillicothe Monday, to succeed Lou A. Green in the management of the office at that place.

Mr. Heiskell will move his family to Chillicothe within a few days, and Mr. Conwell will move his family into the house vacated by Mr. Heiskell.

CHURCH OF CHRIST.

On account of the church building being renovated all services next Sunday, excepting Junior Endeavor and Teachers' Training will be held in Red Men's Hall, third floor of Worthington building, northeast corner of Main and Market streets, where all regular attendants and visitors will find a comfortable room and cordial welcome.

The 90 days' attendance campaign is growing. Those who have not yet enlisted should do so at once.

It is not too late to join the Teacher Training class studying "From the Throne of Saul to Bethlehem." This class meets now at 4 p. m. Sundays. This class and the Junior C. E. will meet in the Endeavor room at the church next Sunday.

A class in Training for Service (first year course) will start soon.

Temperance Day will be observed by the C. E. society next Sunday by giving a special program at 6 p. m. Program is in charge of the Temperance committee. PASTOR.
